## About Us

**Waddington North America (WNA)**, has seven manufacturing locations located throughout North America and is proud to be a part Novolex®. Novolex® develops and manufactures diverse packaging products for multiple industries in the foodservice, delivery and carryout, food processing and industrial markets that touch nearly every aspect of daily life. The Novolex® family of brands provides customers with innovative food and delivery packaging and performance solutions products for their business needs today while investing in research and development to engineer more sustainable choices for the future. With more than 10,000 employee families, Novolex® operates manufacturing facilities in North America and Europe, including two world-class plastic film recycling centers.

**Our Mission** is to provide innovative, stylish and functional foodservice products and packaging solutions that deliver convenience with a sophisticated, upscale appearance.

Printed w/ FSC – Forestry Stewardship Council certified paper & production services. On 10% Post Consumer content stock. FSC ensures products come from responsibly managed forests that provide environmental, social and economic benefits. 100% Vegetable Base Inks for Low VOC's

## Sustainability

Our commitment to sustainability drives us to innovate packaging choices to reduce the impact that Novolex--and our customers and their consumers--have on the environment. This vision comes to life every day through our focus on product development, efficiency and safety in our operations, and partnerships with customers, suppliers, communities and policy makers. By operating our businesses responsibly and investing in our people and communities, we create more opportunities to be responsible corporate citizens. Learn more about our approach to sustainability in the Novolex Sustainability Report, available at [www.novolex.com](http://www.novolex.com).

We continue to innovate and educate our customers on more sustainable choices. Our expanded product catalogue features.

Expanded line of PCR rPET Products: Using Post-Consumer Recycled (PCR) rPET helps reduce environmental impact and supports the circular economy. We now feature products made with 20-100% rPET. Inquire about our growing capabilities in this area to learn more about how we can tailor solutions to meet your specific sustainability requirements.

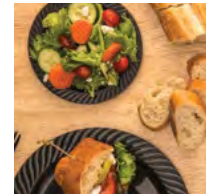

**Reflections® Petal**

**Reflections® Petal** Cutlery is an industry-leading product with 20% post-consumer recycled content. This cutlery provides a sustainable option that uses recycled materials to help reduce use of virgin plastic and divert waste from landfills.

**Cutlrease®**

**EcoSense™** Caterware – Our full line of drop-off catering essentials including plates, trays and serving utensils is now available with more than 40 percent recycled content. The new line uses 20 percent less plastic resin and reduces carbon footprint by at least 50 percent compared to polystyrene counterparts.

**EcoSense™**

**Cutlrease®** Dispensing System - Our cutlery dispensing system provides both environmental and social benefits. In addition to reducing waste by releasing one piece of cutlery at a time, the new delivery system also promotes improved hygiene and reduces the spread of germs.

**Sip Lids** – Eliminate the use of straws with our patent pending design allowing for easy drink-ability and reduced spills. Available in two new sizes Medium and large. As well as our kids cup sip lid with our unique anti-roll and spill resistant feature.

**Sip Lid**

**How2Recycle®** Consumer-focused labeling

At Novolex, part of our commitment to sustainability is to empower consumers to properly recycle products. As a member of the Sustainable Packaging Coalition® and the How2Recycle® program, Novolex is one of the forward thinking brands that strives to lead the way by instituting a labeling program for stock products to better identify materials and recycling opportunities. The How2Recycle label represents a standardized system that clearly communicates recycling instructions to the public. Novolex also partners with customers to include the appropriate How2Recycle label on their products. Join us! <https://how2recycle.info/>

# Cutlerease®

Cutlery at Your Fingertips

Cutlerease® innovative dispensing system promotes improved hygiene and reduces the spread of germs by releasing one piece of cutlery at a time.

★

## ★ PLEASE NOTE

- This product has not been FDA cleared or approved.
- This product has been authorized by FDA under an Emergency Use Authorization for use by healthcare providers as personal protective equipment.
- This product is only authorized for the duration of the declaration that circumstances justifying the authorization of emergency use under Section 564(b)(1) of the Act, 21 USC 360bbb-3(b)(1) unless the authorization is terminated or revoked sooner.

## CAUTION

- This product is not intended for use in presence of high intensity light source or flammable gas.
- This product is not sterilized.
- Use of this face shield alone will not prevent infection from microbes or viruses.

- Item number FSU1610HB3 produced by Novolex is compliant with all required sections in ANSI Z87.1-2020

# Custom Packaging Design

If You Can Think It, We Can Make It.

## We are . . . INNOVATIVE

Creativity is our fuel. We are never satisfied with “good enough”. Pioneering is what we do. We think big, break new ground and take risks accordingly.

We constantly aim to deliver a better bundle of products, better service, better quality, and better innovation. As a result, we provide innovative, stylish, and functional food service and packaging solutions that provide convenience and sophistication.

From Concept to Completion®, our engineers and in-house design team work with you to seamlessly develop the product that is right for your application. Therefore, if we do not have a product that fits your needs, we can develop an innovative custom product complete with custom embossing or imprinting that will result in your distinctive branding success.

Our customization process below shows how we work with you to design the best packaging to meet your needs and satisfy your customers.

## Materials and Recycle Information

Most WNA products can be either single-use (use and throw away) or hand-washed and reused. Our plastic tableware products are recyclable where facilities exist. Recycling facilities may not exist in your area. Please support recycling in your community.

Material	Benefits	Temp Range
PET / PETE / RPET	High-Gloss finish, excellent clarity, lightweight, resistant to cracking and crushing	0°F to 140°F
HDPE	Good flexibility, lightweight, good impact resistance	32°F to 175°F
LDPE	Excellent flexibility, lightweight, resistant to cracking, high impact strength	0°F to 150°F
Polypropylene	Durable, strong, heat resistant, retains flexibility at low temperatures, microwavable	32°F to 215°F
Polystyrene	Rigid superior strength, exceptional clarity	40°F to 180°F
ABS	Durable, strong, heat resistant retains flexibility at low temperatures, microwavable	40°F to 185°F
